Cruise Ports Development of Taiwan

CHENG, CHIH-WEN

Supervisor, Port of Kaohsiung

Taiwan International Ports Corporation

2017.3.14

Location of Taiwan

Location
makes Taiwan important

Cruise Ports in Taiwan

We have 6 major cruise ports

Keelung Port

Taichung Port

Hualien Port

Penghu Port

Anping Port

Kaohsiung Port

TOP3 busiest ports

Cruise Embarking & Disembarking Pax in Taiwan

***The pax number was double-counts as it's the way annual traffic status displays in the database.**

Taiwanese Port Operating & Government Structure

Ministry of Transportation & Communication, Taiwan

Local Government

Assign delegates as members of board of directors

Local Tourism Bureau

Taiwan Tourism Bureau

Taiwan Int'l Ports Corp.

Tourism Integrated Marketing

Port Management

Local Tourism Promotion

The 3 parties jointly corporate to develop cruise business

Challenge for Cruise Growth

Hardware

Lack of terminals for turnaround calls

- Keelung Port: Refurbish old warehouses 2018
- Kaohsiung Port: Build a brand new one 2019

CIQ

Fingerprints & Photo required for foreigners (Immigration)

- Pre-arrival Clearance (passport check only)
- Increase the number of E-gates

Politics

Disputes with China on political issues (# of Chinese pax ↓)

- Stronger promotion in SE Asia, Japan, and Korea market
- Reach the mutual understanding though it takes time

It can Accommodate the Oasis-class Cruise Ships(225,282 GT)

Project Contents

Located at Wharf 18 to 21	Depth:11.5m, Width:100m, Length:728m
Site Area	30,460m^2 (Berth 19、20、21)
Number of Stories	2 Stories basement for 718 cars parking 15 Stories offices
Floor Area	80,700m^2(6 Levels 22,759㎡ for passenger)
Budget	146 Million Dollars (4.517 Billion NTD)
Schedule	September 2013 constructed December 2019 complete
Other Facilities	2 gangways, driveway ramps, 30 immigration lanes, 8 screening counters, 40 tickets counters, 40 bus parking spaces

URBAN CONNECTIONS

Night Lighting

3D Urbanism Allows Simultaneous Access to The Waterfront for Multiple User Groups

VARIETY OF MULTI-FUNCTIONAL EXHIBIT SPACES

CLASSES AND SEMINARS

CONFERENCE

FASHION SHOW

CONCERT

ART AND CULTURAL EXHIBIITIONS

YOUTH EVENTS AND RECREATIONS

Some Flexible Space Uses When the Gaps of Cruise Leave

The Strategy for Future Site Development Focuses on Tapping into Existing Resources :

1. The Passengers of the Port Terminal = (Grand Hotel)
2. Neighboring Shopping and Business District = (Shopping Mall)
3. Cultural Waterfront = (Cultural Center)

Thanks for your attention &
Hope you come and visit Kaohsiung!
