Developing LNG bunkering infrastructure in ARA region for suitable and safe deliveries to cruise vessels

Michael Schaap
Commercial Director Marine
Titan LNG B.V

BIOGRAPHY

Michael Schaap is the commercial director marine at Titan LNG B.V. and in that capacity responsible for the development of the marine and bunkering proposition for Titan.
In the past Michael has had various roles in the bunker industry, mainly involved on the commercial & trading activities for physical suppliers such as Shell Marine Products and Argos bunkering.

Actual bunkering experience has proven to be helpful to translate the needs of vessel owners and operators to a LNG bunkering supply proposition.

Michael has a degree from Nyenrode Business University.
