Call for Papers 2012

The Call for Papers for the 7th GreenPort Congress has now been released and abstracts are invited on the following topics:

Port - Ship Interface: how do ship emissions influence ports?

SOx emissions:

- LNG Bunkering (safety rules and infrastructure)
- Waste produced by scrubbers and impact on waste reception facilities

NOx emissions:

- Nitrogen deposition related issues
- Nitrogen Emission Control Areas

Ballast water

Green Terminals

- Green Efforts project
- Green performance clauses – Concessions / lease agreements
- Energy efficiency

Green Logistics Chain

- Hinterland connections
- Chain management
- Internalisation of external costs

To submit an abstract please send no more than 250 words description together with a biography of the speaker to congress@greenport.com by 2nd March 2012. For further information on any aspect of the Congress, please email congress@greenport.com or call +44 (0) 1329 825335.
