

The current on shore power project for cruise ships in Hamburg

Manfred Lebmeier

Head of environmental and spatial strategy
Port of Hamburg

BIOGRAPHY

Manfred Lebmeier was born in 1967 in Munich. He grew up there and studied in his hometown environmental engineer. After finishing his studies he worked several years as freelancer including an engagement in Brazil. He started to work for the Allianz Insurance Company on 2000. He work for different departments until 2013. At the end he was responsible for the international environmental management system of Allianz worldwide as Group Environmental Officer. In 2013 he left to join the Hamburg Port Authority. Here he works as head of environmental and spatial strategy in the strategy department. One of his tasks is the smartPort energy initiative. The smartPort energy initiative consists of 3 pillars, renewable energy, energy efficiency and mobility. Under mobility one main project is the onshore power supply project.
