

Atena Roma is delighted to announce the event:

MRV: goals "Emission control" – Shipping Sector Initiatives

*Taking place on the 20th April @ 9:30 to Auditorium of the Ministero dell'Ambiente
Via Cristoforo Colombo, 44 – Roma*

*From August 2017, shipping companies with vessels trading to EU ports need to comply with new EU regulations on the monitoring, reporting and verification of CO2 emissions.
The event has the objective to explain the EU Regulation on the Monitoring, Reporting and Verification of CO2 emissions from maritime transport (EU 2015/757) (MRV Regulation) and define methodology for the accurate monitoring, reporting and verification of CO2 emissions by Verifiers.*
