Post-Brexit procedures, handling
and logistics in Belgian ports

Date 14 December 2020
Time 15.00 - 17.00
(Brussels / Rome)
Registration required

WEBINAR INVITATION FOR ITALY
Post-Brexit procedures, handling and logistics in Belgian ports
Date: 14 December 2020
Time: 15.00 – 17.00 (Brussels/Rome)
Registration: [link](#)

Brexit is a fact. From the 1st of January 2021 onwards, the **United Kingdom will no longer be part of the customs union and the internal market** of the European Union. Belgium is an important logistic hub in Europe providing freight handling and shipping services for business in various European countries. Belgian sea ports have been preparing for this new situation with regard to the United Kingdom. Have you?

Join this webinar for a presentation on the **applicable formalities, logistic procedures and controls** you have to take into account at our Belgian sea ports to ensure a smooth flow of your goods to and from the UK from the 1st of January 2021 onwards.

Following an introduction by the Belgian ambassador or Brexit Coordinator of the Belgian Ministry of Foreign Affairs, officials from the Belgian Customs and Excises Administration, the Agency for Food Safety, the Belgian sea ports and the Agency for Roads and Traffic will give you an overview of what you need to know. Check the **concept note** in annex for a more detailed agenda.

You are welcome to join the webinar. Registration is open until the 11th of December 2020 (noon) via [this link](#). You will receive a new mail with a link to the Teams webinar that afternoon. Feel free to forward this invitation to exporters, importers and hauliers among your affiliated members. For technical reasons, we ask you to limit your participation to one or two person(s) per organisation. You can forward preliminary questions on the matter in the registration form. Should you encounter any difficulties with regard to the event, you can contact us at events.DGE@diplobel.fed.be.
